

“Great literature is simply language charged with meaning to the utmost possible degree.”- Ezra Pound

To create an understanding and awareness of the importance of the English language, the English week **Literati** was observed from 9 April to 13 April 2018. The purpose of the week was to infuse the students with appreciation, understanding, love of reading and uses of the English language in their daily life. It was also done to encourage **Spoken English Skills** among students. It was a week of flurry and excitement with the children being fruitfully engaged in various competitions which were appropriate to their respective classes. It was an opportunity for students to show everyone their appreciation and ability at English.

Various activities were conducted to hone written and spoken expression and foster the reading habit in children. Apart from theme based assembly on **Indian authors in English** various activities and competitions like **Salad Bowl**, **Lyrical Ballad**, **Shakespeare Comes Alive**, **News Reporting**, **Story Telling**, **Debates**, **JAM**, **Recitation** etc. were conducted.

One language sets us in a corridor for life, two languages open every door along the way. **ENGLISH** however, gives us access to communication with others, to the world of knowledge and also the world of entertainment.

Overall the literary week brought the students closer to the magic of the English language and literature.
