

Dear parents and students,

Greetings from Holy Child School

The country is going through an unprecedented crisis. The pandemic Covid -19 has struck immeasurable tragedy, death and disease across the world. Several countries have issued severe restrictions on movement and gatherings. You will know what is happening in Italy, Spain, South Korea, etc. In India, too, the government is taking stringent measures for containing the contagion. In Delhi, for instance, gatherings of any kind are forbidden.

We need to join hands and create awareness to most importantly prevent the spread of the virus. You all might be familiar with all that has been asked by the Prime Minister of India to break the chain of contagion. He made a humble request to all citizens to isolate themselves for the next few weeks and step out from home only if absolutely necessary and Janta curfew across India on this Sunday from 7am to 9pm. Sunday @5pm show our gratitude towards those who are working in fighting corona virus like medical fraternity, public servants etc by clapping from our balconies. Let us pray for those affected by the virus, and for the medical personnel all over who look after the sick at great risk to themselves, as well as for those working on discovering a vaccine and treatment.

I am happy to submit that there is no need for the students' learning to be disrupted anyhow. The assignments will be uploaded from 24 March 2020 periodically till the school reopens. Entrusting each one of us into the hands of God and hope and pray that this difficult phase should pass soon.

This is a remarkable website created by a 17 year old boy in Seattle. It gives figures for the coronavirus spread throughout the world, update EVERY MINUTE. No international organization seems to have anything like it. Please take a look.

It gives update of Corona virus development globally. It is indeed a great web. Click on it, learn more about the latest development. Let us educate our people. Vigilance is better and a must. <https://ncov2019.live>

Finally India got its Corona Dashboard

No more spreading Rumors. This is the official website for CORONA updates. Updating every 4 hrs. Keep this link for getting official Govt of India updates about CORONA virus situation in India. www.mohfw.gov.in

Let us all follow the instructions given by our governments. Let us also be united in facing this pandemic. Let us pray deeply to Almighty to find an end to this crisis.

United in prayers and good wishes

Sr. Sherine Thuruthel

(Principal)
